	Invitation to Tender/ Request for Pre-qualification (RFP)	Document Name	LIME RFP	Rev	00
		Document Reference	WO2030-0000-T71-0001-00	Rev	00
		Date	Monday, 16 January 2023		

REQUEST FOR PRE-QUALIFICATION (“RFP”) FOR PROVISION OF UNSLAKED LIME (CAO) TO NAFASI WATER AT THE TCTA CENTRAL AND EASTERN BASIN MINEWATER NEUTRALISATION PLANTS IN GAUTENG.

Scope Summary:

The purpose of this RFP is to **pre-qualify a panel** of suitable service providers interested in participating in future tenders for provision of unslaked lime (CaO) to Nafasi Water at the TCTA Central and Eastern Basin Minewater Neutralisation Plants in Germiston.

Plant Location:

Two separate sites will be serviced. The locations for each site can be found below:

Central Basin Mine Water Neutralisation Plants. GPS Coordinates: -26.2170, 28.1834

Eastern Basin Mine Water Neutralisation Plant: GPS Coordinates: -26.2500, 28.4887

Services required will include:

- The delivery of bulk unslaked lime (30 Tonne Road Tankers) to each site, Central Basin in Germiston and Eastern Basin in Springs.
- Delivery trucks to be fitted with compressors for offloading of the material.
- The minimum specification for the unslaked lime quality is provided in Appendix 1.
- The average monthly lime quantities required for each site are as follows, the quantities would peak at 15% above these average values based on seasonal variability.

Product Used	Eastern	Central
Unslaked Lime (Tonnes per month)	164	1430

DATE	REVISION	APPROVAL
Monday, 16 January 2023	1	

	Invitation to Tender/ Request for Pre- qualification (RFP)	Document Name	LIME RFP	Rev	00
		Document Reference	WO2030-0000-T71-0001-00	Rev	00
		Date	Monday, 16 January 2023		

Submission Requirements:

- Submissions must be directed to **Mantjetjere Mothapo** via e-mail mmothapo@nafasiwater.com.
- Submissions should be in a **electronic, pdf format**, collated into readable structure including;
 - A cover letter;
 - An Index;
 - This request for pre-qualification duly completed and;
 - All required returnable documents.
- The closing date for responses to the Request for Pre-qualification is **30 January 2023 (12h00)**. Submissions after this date and time will not be considered.

Submission Notes:

1. If submissions exceed 15MB, please split submission into multiple emails.
2. After pre-qualification, successful service providers will be invited and issued with a detailed tender document. Unsuccessful bidders will be notified.

Confidentiality:

The RFP is considered confidential and not to be shared without written approval from Nafasi Water.

RFP Submission Requirements:

The compulsory returnable checklist for this RFP is given below. Three returnable sections are applicable. The supplier is to submit all with this checklist confirming that all items have been submitted.

1. Company Information
2. Technical Returnable
3. Commercial Returnable

Table 1: Company Information Returnable

Returnable Details	Documents	Submitted
Company Information		
Proof of Registration	Registration Certificate	
Proof of Address	Lease agreement or Municipal account	
Tax Compliance	Tax Compliance Pin	
Compensation for Occupational Injuries and Diseases Act 130 of 1993 (as amended)	Letter of Good Standing	
Company Profile	Submit profile	
Number of employees	Letter confirming Number	
Provide a list of references with their contact details (only landline numbers are permitted)	Company Name, Contact Name and Details of Service	
B-BBEE Status	BBBEE Certificate	
Main Contact for tender	Name, Designation, Cell no, email address	

	Invitation to Tender/ Request for Pre-qualification (RFP)	Document Name	LIME RFP	Rev	00
		Document Reference	WO2030-0000-T71-0001-00	Rev	00
		Date	Monday, 16 January 2023		

Table 2: Technical Competence Returnable

Returnable Document	Description	Submitted
Technical Capability		
How many facilities does your company deliver unslaked lime to	Letter confirming Number	
Unslaked lime product specification	Product Lime Specification Sheet (From accredited external lab)	
Lime mine and unslaked lime production facility, if applicable	Details, locations and production capacities available	
If not a producer, confirmation of available supply capacity	Letter signed by source	
Logistics tanker truck delivery fleet	Letter confirming logistics capability	
Method Statement	A method statement describing how the company will manage the delivery of the supply to the facilities. Details of emergency supply capacity and capability to be provided as well.	

Table 3: Commercial Returnable

Returnable Document	Description	Submitted
Commercial Returnable		
Service Level Agreement (attached appendix 2)	Each page initial (document need not be signed)	
Qualification and Clarifications Schedule on the SLA	Table to be submitted, with clause no, pg. no. and query/clarification/qualification	

	Invitation to Tender/ Request for Pre-qualification (RFP)	Document Name	LIME RFP	Rev	00
		Document Reference	WO2030-0000-T71-0001-00	Rev	00
		Date	Monday, 16 January 2023		

Mandatory pre-qualification requirements:

- The guideline to the expected mandatory requirements given below will be considered for acceptance onto the panel of service providers. Although these criteria are not exhaustive for the selection of the panel, these criteria provide a minimum threshold for consideration in this process.

Requirement	Description	Self-score Complaint/Non-Compliant
Able to meet minimum Lime Quality	As per appendix 1	
Tax Clearance	The service provider must have a valid tax clearance certification	
Minimum BBBEE Certification	A minimum BBBEE level of 4 is required.	

Rules for Disqualification:

Nafasi Water reserves the right to reject any or all the RFP's or to cancel or withdraw this RFP solicitation for any reason and at its sole discretion without incurring any cost or liability for costs or damages by any applicant, including, without limitation, any expenses incurred in the preparation of the submission.

Incomplete and late submissions may be disqualified outright.

Contact for Queries:

Mantjetjere Mothapo, can be emailed at mmothapo@nafasiwater.com for any clarifications and queries required.
